

RISK MANAGEMENT CENTER

Comprehensive Risk Management, Employee Safety and Compliance Platform

Help protect your company with the Risk Management Center, a unique web-based software suite of safety and risk management tools designed to empower your organization's risk prevention efforts.

The Risk Management Center allows you to reduce risk and improve workplace safety by creating effective risk mitigation programs. For no additional cost, the Risk Management Center provides a safety center for your entire organization that is easy to access and use.

The Risk Management Center is right for any organization that wants to proactively manage risk exposures to reduce claims, losses, and associated costs.

Risk Management Solutions for Your Business

- Access a best-practices safety library
- Manage incidents, analyze loss sources, and comply with OSHA reporting requirements
- Deliver employee safety training efficiently and effectively
- Access HR best-practice templates, training, news alerts, and expert advice
- Manage certificates of insurance to limit liability
- Comply with OSHA hazard communication standards
- Automate safety audits, field inspections, and corrective action reporting
- Build a behavior-based safety program

TOOLS YOU NEED TO ENHANCE YOUR RISK MANAGEMENT PROGRAM

Online Risk Management Library

Access a multitude of bilingual risk management documents and resources

HR Essentials

Achieve HR compliance, enabled through online educational materials, an HR & Benefits library, and access to on-demand experts

Incident Track

Report claims and reduce incidents. Track employee injuries and related time off of work, conduct incident analyses, and run OSHA 300 Logs

Job Description Track

Build job descriptions that clearly communicate employee responsibilities and job-related health and safety requirements

BBS Track

Cultivate a safety culture throughout your organization with a Behavior-Based Safety (BBS) Program. Ensure your employees are doing their jobs safely

Training Track

Automate your entire employee training process. Schedule, track, and document training with a database of training titles

COI Track

Manage the Certificate of Insurance (COI) process and ensure your business is protected from unexpected liability

SDS Track

Comply with the new Globally Harmonized System

Safety Observation Track

Perform and track safety observations and demonstrate job compliance

Audit Track

Create audits, surveys, questionnaires, and self-assessments
